Software Engineering Division,
Wayfair,
Bangalore, India.
Hiring Manager,

I am excited to apply for the Software Engineering Internship posting on your website. As a Computer Science graduate, I have a strong foundation in software development. During my externship at HP Tech Ventures, I was able to develop my full-stack skills and contribute to projects.

Technical highlights of my skill set include:

Full Stack Development: Applied the best practices in the development of responsive web applications with React and Node.js.

Python Programming: Python proficiency. Applied Python in software development and data analysis projects.

Object-Oriented Programming: Have a solid foundation of OOP principles that have enhanced the efficiency of my code.

JavaScript and React: Designed interactive user interfaces and single-page applications that improve user experience.

Data Management: Experience with SQL for database management and running complex queries.

I am highly attracted to this internship at Wayfair due to its emphasis on agile, cross-functional team collaboration and learning.

Thank you for considering my application. I look forward to the possibility of discussing this exciting opportunity further.

Best regards

Yash Puri
